Welcome the Newbies

Welcome Jess,
Jess is 21 years old and attending Tarleton State University. She is majoring in Kinesiology in hopes of opening her own strength and conditioning facility one day. "Helping people become a stronger and better version of themselves is my dream."

Welcome Shelby
Shelby is 20 years old and is majoring in History. When Shelby isn't working out with Jess and K'ce, she is studying to become a lawyer. She does not want to be a generational statistic like many have told her she would be. She will break the cycle!
Goodbye Taylor

Taylor has been a resident for the past 4 years. Moving to the S.O.A.R. House was such a blessing to her and has allowed her to overcome obstacles like getting a drivers license, getting into school, and many other life goals. We have been blessed by her big heart and willingness to help others. She has been such a joy to work with and we wish her the best of luck as she ages out of our program. Here is a drawing of Taylors memories she made while here at SOAR. SOAR high my friend!

Dear Leslie,

Leslie, do you remember freshman year, first semester? You would tell me "Bailee, I can not do this?" Well girl, look at you now. Congratulations on making the President's list this Semester.

Love,
Bailee

Refuse to be average. Let your heart soar as high as it will.
