Summer nights hold a special place for many. Summer nights mean a break from school, swimming, staying up late with friends, lots of ice cream, and even watching the beautiful Texas sunsets.

Good Luck at Tech

The S.O.A.R. is called home by many. Some young adults came from Foster’s Home for Children and some didn’t. No matter the situation, we want S.O.A.R. to actually feel like a home! This is the case for Tytus as he goes off to Tech. During the College holidays, he will come back to his home at S.O.A.R!
Welcome
